About Us

○ ○ ○ ○

Improving the Quality of Life Through Recreation!

History

In 1998, SPCRC promoted the establishment of the South Park Park and Recreation District (SPPRD) – a State of Colorado special district established by the vote of the community. As a special district, the SPPRD is a government entity with the authority to put tax proposals before the public. SPPRD serves approximately 6000 residents over 1200 square miles.

The official ground breaking ceremony for construction of the Recreation Center was held at the site location on November 12, 2003. By December 2004, construction of Phase I was nearly completed and staff was hired. The Recreation Center's Grand Opening was held on February 15, 2005. We were open for business!

Vision & Mission

Vision

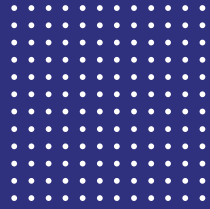

To improve the quality of life through recreation!

Mission

The South Park, Parks and Recreation District aims to enrich the lives of as many members as possible, in our community, by providing the biggest diversification of recreational and social opportunities that our resources and imagination will allow. We may be small, but we aim to grow in quantity and quality.

Elevate Your Brand

Elevate your brand by becoming our partner.

As a partner of the South Park Recreation Center, you can bring a range of benefits to your business while enhancing its reputation, increasing visibility, and fostering community relationships.

By supporting the recreation center, your business shows its commitment to the local community. This builds goodwill, which can translate into increased patronage and loyalty from residents who appreciate businesses that give back.

Increase your brand awareness while demonstrating that your business is socially responsible and committed to improving the quality of life in our community.

**Your Community. Your Health.
Your Center!**

Brand Awareness
